New Lead Conversion Rate

- Lead Type
- ☐ Existing Lead (Contacted Before)
 - ☐ New Lead (First Time)

Operational Waste: Significant budget is spent on 5th+ contact attempts, which yield a negligible conversion rate. Capping frequency at 4 attempts would reallocate resources toward high-intent 'Warm Leads' which convert at 7x the baseline rate.

STRATEGIC DIRECTIVES

- **Directive 1:** Terminate all outreach after the 4th unsuccessful contact attempt.
- **Directive 2:** Prioritize "Warm Leads" (Previous Successes) on the 1st of every month.
- **Directive 3:** Train staff to pivot the script at the 2-minute mark to ensure calls cross the 180 second "Engagement Threshold."
